#### **P18.73 Planning Applications received from Winchester City Council, Eastleigh Borough Council, Hampshire County Council or the River Hamble Harbour Authority for decision/response**

P18.73.1 Imperial Homes Paddock View Calcot Mount Calcot Lane Curdridge – Erections of a new business unit for use Class B1 within existing industrial estate. Case Officer: Nicola Clayton. Case No: 18/02222/FUL. To ratify Council's urgent consultation response to WCC - **TO OBJECT** on the grounds of the proposal being a gross over-development of the site; noise and traffic pollution and impact on street scene. Council also advises that the application plans appear inaccurate, as the northern boundary of the development is in a straight line with the neighbouring development, which encroached onto the adjoining agricultural paddock. WCC duly investigated this matter and advised Council that the boundary would jut out around the previous development, but this boundary now appears completely straight in these plans, which is not the case and therefore this development may likewise encroach onto the paddock. Council also cannot understand why the application states existing parking provision on the site is adequate, but this structure is being built on stilts to accommodate six more parking spaces and why four of the spaces are orientated so that they cannot be accessed without clearing the other two. If the intention is to create places to work on vehicles, this should be disclosed, as it could change the proposed usage from B1 to B2. **ACTION: PCM.**
